Term 3 Mathematic Leaders Forum Secondary School

Facilitator: Rebecca Garrett, Head of Mathematics, Trinity College
2020 President, MASA

Date: Thursday 3rd September, 2020 – 4pm to 5pm

Venue: Zoom – your link will be sent prior to the meeting

Cost Free

Workshop Description:

Sweller's Cognitive Load Theory helps us understand how important student working memory is when it comes to learning mathematics. We will briefly discuss CLT and brainstorm ways that we can utilise this knowledge inside the mathematics classroom to optimise learning.

For zoom invitation purposes, please register by Tuesday 1st September , 2020
