CALL FOR WORKSHOP OFFERS

Have you thought of ways to change what you are doing in Year 12 Mathematics? Would you like to share it with your colleagues? If so, would you like to run a workshop? Workshops are all 30 minutes and can take the form of a presentation, hands-on workshop or discussion, etc. Please express your interest in presenting a workshop by **Tuesday 26th January 2021**, to enable us to plan the program and have the program out to our members by the beginning of term. Essential, General and Methods sessions are held on the Tuesday, and Methods is repeated on the Thursday along with the Specialist Maths workshops. Usually, workshops will be presented twice to accommodate numbers. **This workshop can be used for your HALT accreditation.**
